

Technical Information

AUTOSOL® Pre Cleaner Premium

Product information

The extremely strong cleaning power is specifically designed for the high demands of manual pre-cleaning in car wash tunnels by professional users. In the shortest possible time, the most difficult to remove dirt such as break dust and insects are easily removed. The product is also very well suited for acid-free rim cleaning. Suitable for all water hardness and water recycle systems. NTA-free.

Application

For low pressure system the product should be diluted to 1:40 - 1:100 and then sprayed on pre-soaked vehicle. With a dosing-pump system the Product should be non-diluted with the dosing-pump connected and then the final concentration should be regulated accordingly. In case of high pressure system the product is pre-diluted to 1:20 -1:40 in special vessel then the final concentration should be regulated accordingly. Max Contact Time 1 min, Max Concentration: 2,5% (1:40)

Note

Do not apply on hot surfaces. Do not allow product to dry. Store in frost-free environment.

Technical Data

Form: fluid
Colour: Light yellow
Odour: characteristic

Health and Safety

Safety Data Sheet is available separately.

Additional Information

Art.-No.: 19 012795

canister 25 L

packaging unit: 1
