

Technical Information

AUTOSOL® Pre Cleaner Special

Product information

The extremely strong cleaning power is specially designed for the high requirements in the pre-cleaning area in automatic vehicle washing systems for professional users. All types of dirt as well as insects are dissolved in a very short time. It is also very well suited for acid-free rim cleaning. Suitable for all water hardnesses and water treatment systems. NTA-free.

Fields of application: Exclusively for professional use in the areas of pre-cleaning in car washes, truck wash, cleaning of heavy duty and tanks

Application

- Low pressure pre-spray method: Spray on the wet vehicle pre-diluted 1:40 to 1:100. Allow to act for max. 1 min. Then rinse off with a high-pressure device and water.

- High-pressure cleaning device (HD device): Depending on the setting and dosing system, either pure via dosing pump or pre-dilute up to 1:20 with water and spray onto the wet vehicle. Final dilution 1:40-1:100. Allow to act for max. 1 min. Then rinse with water.

Note

Do not use on hot surfaces or wheels. Cool down hot surfaces with cold water if necessary. Do not use in direct sunlight. Do not allow product to dry.

Technical Data

Form: liquid
Colour: Yellow-Green
Odour: characteristic

VDA Konformität

VDA conform class B at maximum concentration of 2.5%.

Health and Safety

Safety Data Sheet is available separately.

Additional Information

Art.-Nr.: 19 012995

Canister 25 Liter

PU: 1
